

Lever-type Detector Switches

SW1AG-530 / -531 Series

Features

- ◇ Miniaturized for space saving design.
- ◇ Superior reliability at micro-current by employing a sliding contact.
- ◇ This is a compact detector switch which is possible to detect 2 direction.
- ◇ Custom-made of the lever style is possible and please feel free to contact us beforehand.

Applications

- ◇ Mechatronic detection for audio and VCR Digital camera CD-ROM DVD units.

Products Number System

SW 1 AG - 530 - [] []

Products Line

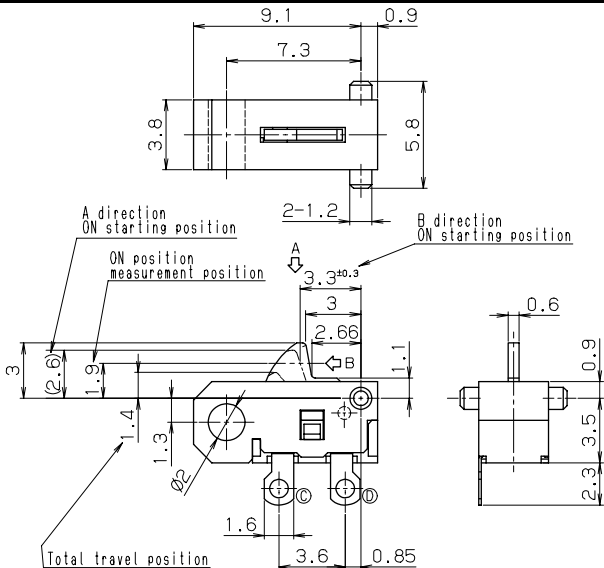

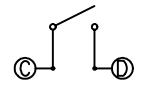

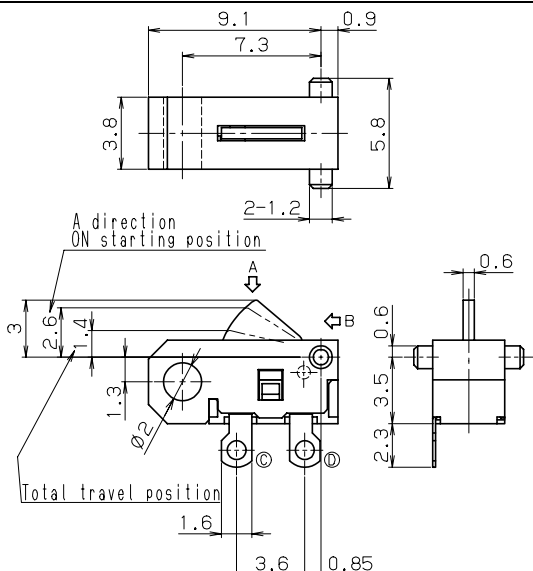

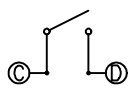

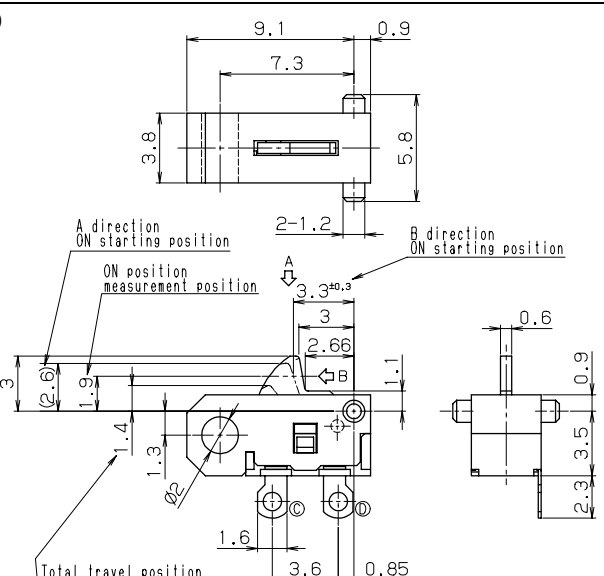

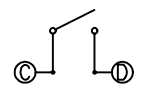

No	Products No	Pole	Position	Mounting Method	Terminal Type
1	SW1AG-530-100	1	1	Screw	For lead wiring
2	SW1AG-530-102				
3	SW1AG-531-100				
4	SW1AG-531-102				

Typical Specifications

Item	Specification
Ratings (max.)	0.1 to 10mA 3 to 5V DC (Resistive load)
Contact resistance	1 ohm max.
Insulation resistance	100 megohm min. 100V DC
Withstanding voltage	100V AC for 1min.
Operating life with load	100,000 cycles
Operating force	0.3N max.

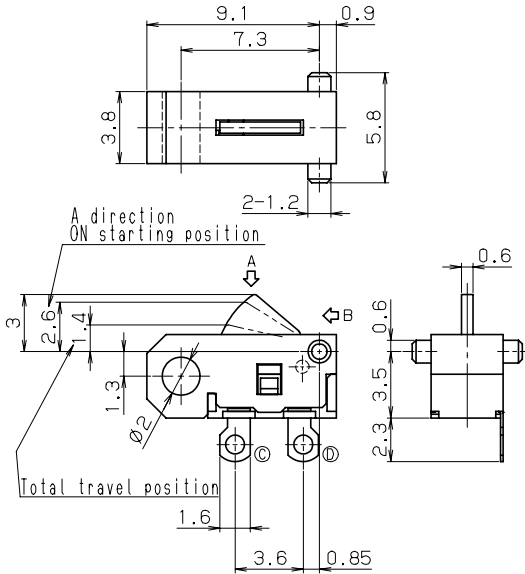

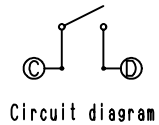

Dimensions

Unit : mm

□ Notes

- The appearance and specifications of the product may be modified to improve its performance without prior notice.
- This catalog shows only outline specifications. When using the product, please obtain formal specifications.
- Please see appendix [Cautions in Using Switches].
- This switch is not washable.
- Soldering shall be done with actuator at free position and take care not to attach flux on plastic portion.
- Note that if the stress is applied to the terminals during soldering, they might cause deformation and defects in electrical performance.
- In manual soldering, consideration should be given to apply the soldering iron to the tip of the terminal so that unusual pressure is not applied to the terminal.
- In case circuit and software design consideration against chattering and bouncing shall be taken as below.
 - Read a few times. (Ex. 5ms for 5 times)
 - Set delay time.
 - Set integral circuit.
- As to threshold voltage, center setting is recommended.
- Care shall be taken not to apply stress to the body of switch as it may affect the performance.
- Please confirm the performance on actual operation by simulation with actual environment environments for high reliability.
